

REPORT ON THE WRA 2 DAY CHAMPS 17/18 NOVEMBER 2018

The two days started with the WRA Spring Meeting on the Saturday, 10 shots at 600, 800 and 900 yards. The rear fishtail kept shooters busy; there were patches when you could fire strings of shots on the same wind but few people would have been able to do that for their whole shoot. Even doing it so for some of the shoot, you'd have had to wait for conditions to come back to what you were using.

The NZ Champion of Champions was shot after the last 900 of the Spring Meeting. Conditions were testing. There was lots of good shooting in the three matches. I was handed Saul Reid's card of 59.1 two minutes and 37 seconds after I'd pushed the start button on my stop watch and told them to go. There was a great turn out with 21 shooters for the three matches

The wind was similar on Sunday for the Hawkes Bay Champs but got stronger and was difficult in the last 900. We shot straight through so that the many visitors from up north could get away and shot the teams match after a later lunch. The wind was still a challenging rear fishtail.
